PASTOR'S CORNER

Mark Lalonde and I have just returned from our mission trip to Honduras. In the next few weeks we will have an opportunity to share some photos and stories with you, and give you an update on the children we are sponsoring. For now, I would like to share another quote from Pope Benedict's encyclical on social justice, *Caritas in Veritate*, on some of the causes of poverty and "underdevelopment" in other parts of the world.

He writes: "Underdevelopment has an even more important cause . . . 'the lack of brotherhood among individuals and peoples' (Paul VI). Will it ever be possible to obtain this brotherhood by human effort alone? As society becomes ever more globalized, it makes us neighbours but does not make us brothers. Reason, by itself, is capable of grasping the equality between men and of giving stability to their civic coexistence, but it cannot establish fraternity. This originates in a transcendent vocation from God the Father, who loved us first, teaching us through the Son what fraternal charity is" (*Caritas in Veritate* #19).

How true. It is God our Father who has made us brothers and sisters of one human family. This truth inspires all our social justice efforts and all our desires to help the poor. Thanks again for all the ways you show your love and solidarity with our poor brothers and sisters at home and abroad. In Christ, Fr. Tim

OTTAWA DIOCESE

Why a New Mass?

The Church's liturgy is constantly adapting to present our faith and spiritual practices more authentically as our culture continues to change. These adaptations reflect the timeless truths of our faith and our liturgical heritage while remaining true to the language, faith and liturgy of the Roman Catholic Church. The current form of the Mass that we celebrate in English has remained unchanged since it was first implemented over 30 years ago. With the lessons we learned since its implementation, and paying attention to the best translation practices available to us today, we have a new opportunity to express what the Church believes. The New Missal uses language which is not only closer to the original prayers (many of which are over 1,000 years old) but also reflects a more 'formal' or dignified way of addressing Almighty God. The New Missal also includes changes made to the Calendar of Saints with the addition of many new saints, including our Canadian St. Brother André! We do not often think of it, but there is indeed a "Roman" Catholic way of praying. With a distinctive liturgical style that is true to our heritage and our way of worshipping God going back close to two thousand years, the New Missal will be an opportunity for all of us to encounter the Roman Catholic Mass again for the first time.
