### **PASTORS CORNER**

As we gradually come to the end of the liturgical year, we are reminded to pay attention to those things that are essential for our salvation and to jettison those things that might debar us from seeing the face of God. To do this is to act wisely!

The chief concern of today's liturgy is to help us form a truly Christian mentality concerning how we ought to live in this passing world so that we will be well prepared to enjoy the fullness of life which Jesus alone can give. It doesn't matter how much fun or pleasure there is in this world, the fact still remains that this world is not our home; we are not going to live forever in it! The Lord is the "Director and Producer" of our lives, He alone will decide when our life-movie is to end. And since we know neither the day nor the hour, the wise thing to do is to pay attention; to be ready and be prepared always. We do this by imitating the example of the saints who faithfully followed Christ, the Bridegroom.

I will be remiss if I do not thank each and every one of you for your prayers during our pilgrimage to the Holy Land. What a trip! It was a dream come true! An experience I will always savour and cherish all the days of my life. All the sacred spots we visited and reading the verses connected with the sites personally helped me to achieve the full spiritual experience of the gospels. Israel, Jerusalem, the Holy land is a place worth visiting! My group and I also prayed for you and your intentions while we were there. Thank you so very much and especially for welcoming Fr. Steve who supplied for me. May we always be aware of God's blessings around us.

Fr. Paul

#### **Number Thirteen: Why "Chalice" and not "Cup"?**

In the Eucharistic Prayers during the consecration, where God transforms ordinary bread and wine into the Body and Blood of Christ His Son, the priest uses the words of Jesus at the Last Supper. In the New Missal during the consecration of the wine into the Blood of Christ, the priest prays: "Take this all of you and drink from it, for this is the chalice of my blood..." Using the word "chalice" instead of "cup" helps us remember the Cross as well as the Last Supper because we only use chalices for Mass, whereas we drink from cups all the time in daily life. The Mass is not only the Last Supper – a sacred meal – it is also the Offering of Christ on the Cross – a sacred Sacrifice. Also "chalice" reminds us that we are participating in the Heavenly Banquet when we celebrate Mass and not just a festive meal shared with our friends at home. The special altar vessels we use – the chalice, paten (the plate) and the ciborium (the covered dish) - are made of precious metals to remind us of the most precious substance they contain, the Body, Blood, Soul and Divinity of Christ in the Eucharistic Species.
