Pastor's Corner

All Saints Day

Today, we honor all the Saints, all those brothers, sisters, fathers, mothers, uncles, aunts, nephews, nieces and friends of ours who have attained the beatific vision. They are those who, according to St. John as we read in today's first reading, have washed their robes in the blood of the Lamb! They are all those who endured suffering and persecution for the sake of the gospel. They are those who lived out the gospel values; who lived out the Beatitudes! They are those who followed Jesus, the Lamb who was slain, closely and obeyed His will. They are those who overcome the trials, tribulations and the challenges of bearing the name "Christian." They give us hope. They give us encouragement. They pray for us. They watch over us. We are all called to be like them; to be where they are, in our Father's house. Today, we honor these men and women like you and me, who through all the ordinary chores and pleasures of life tried to let Christ and His gospel of love radiate in their lives. May we never cease to seek their intercession and protection!

Happy Feast of All Saints!

Fr. Paul

INTENTIONS OF THE HOLY FATHER FOR NOVEMBER:

That we may be open to personal encounter and dialogue with all, even those whose convictions differ from our own. That pastors of the Church, with profound love for their flocks, may accompany them and enliven their hope.

CARE FOR CREATION - REDUCING OUR CARBON FOOTPRINT: Pope Francis has chosen this crucial year to call on every person to act on climate change. Development and Peace has suggestions as to how we can create a climate of change. Small lifestyle changes can make a big difference in reducing carbon emissions that cause a rise in global temperatures and that create climate-related disasters affecting the most poor and vulnerable. How? We can make our home more energy-efficient and reduce energy use. We can carpool, use public transportation, walk or bicycle whenever possible. We can reduce waste by buying less, re-using, repairing, recycling and composting. We can choose local, organic, and fair trade food options whenever possible. Info: John Dorner (jdorner@archottawa.ca).
